

WHAT WE DO

The International Anti-Fascist Defence Fund provides direct, immediate support to anti-fascists and anti-racists anywhere in the world, whenever they find themselves in a difficult situation as a result of their stand against hate. Whether it's replacing damaged/stolen property, paying medical bills, helping them find a safe place to stay, funding legal defence, helping their families, or doing antifa prisoner support, this Fund seeks to alleviate the harm that results from doing the right thing sometimes.

Since 2015 The International Anti-Fascist Defence Fund has donated more than \$200,000 USD to over 700 anti-fascists in 25 different countries!

Anyone can make a proposal to support an anti-fascist/anti-racist by emailing us at: antifaintl@gmail.com

HOW YOU CAN HELP

We depend on donations to do our work and can accept monthly recurring donations or one-time donations via Patreon, Stripe, or by credit card. Any group or individual that donates more than \$20US/€20/£15 will be invited to help make decisions on proposals the Fund receives. Decisions on funding a proposal are arrived at by consensus whenever possible and by a simple majority vote in situations where consensus can not be reached.

The International Anti-Fascist Defence Fund is a great way to show real solidarity with anti-fascists and anti-racists worldwide when they need our support the most!
